The Rest of My Life

Some days I just don't feel Like I know my own mind And times I feel that I belong It's no disguise, this love of mine Who knows what forever is about Be with you always in a day Tomorrow never knows And time waits for no one It's a mystery anyway

If I could, I would But I can't, so I won't love you forever My, just the rest of my life

Will this ever pass or fade away? Will this ever change or go astray? Will I always be there where you are? It's a mystery anyway

If I could, I would But I can't, so I won't love you forever My, just the rest of my life

If I could, I would But I can't, so I won't love you forever My, just the rest of my life The rest of my life
