

Twisted Heart

Cheap Trick

Here I am with my heart in my throat
It isn't easy, it's hard as hell, you know it true
I'm on the brink, I twisted hard, I saw the light, I came round
I was wrong, took my time, should've known, my twisted heart

You, you gotta believe
I need an answer
I need a word
You, you better believe me
I need an answer
I need a word

Here I am with my heart in my throat
Please, please, please, please
I'm gonna jump, I'm on the brink
Down, down, down, down

You, you gotta believe
I need an answer
I need a word
You, you better believe me
I need an answer
I need a word

My twisted heart is gonna break
My twisted heart is gonna fall
My twisted heart, my twisted heart, my twisted heart
My twisted heart is gonna break

Aaaahhhhhhh oooohhhh

My twisted heart is gonna break
My twisted heart is gonna fall, whooo
My twisted heart, my twisted heart, my twisted heart
My twisted heart is gonna break

My twisted heart is gonna break
My twisted heart is gonna fall
My twisted heart, my twisted heart, my twisted heart
My twisted heart is gonna break, whooo

My twisted heart is gonna break
My twisted heart is gonna fall
My twisted heart, my twisted heart, my twisted heart
My twisted heart is gonna break
