You Let a Lotta People Down

So how does it feel To stand so close And never understand How do you feel When you mean so much But you don't even give a damn

You let a lotta people down You let a lotta people down You've got a lot to learn You can't do that Just who the hell do you think you are You can't do that

Well you rode upon a wicked fence Could've fallen either way But you've chosen other losers In your sick sick game

You let a lotta people down You let a lotta people down You've got a lot to learn You can't do that Just who the hell do you think you are You can't do that

Just how can you keep goin' With all that's goin' on The best thing about knowing you Is knowin' when you're gone You let a lotta people down

Your conscience has ghost writers Your dirty hands are clean Flesh and blood and life and death No it's no mystery You let a lotta people down You let a lotta people down You've got a lot to learn You can't do that Just who the hell do you think you are You can't do that

You can't do that 'Cause you ain't seen nothin' til a man starts comin' with a gun No you ain't seen nothin' til some nut starts comin' with a gun
