

## With or Without You

**Cher**

I don't want to live without you  
God it hurts to be alone  
But livin' with you or without you  
Cut its my poor heart to the bone  
'Cause my heart gets broken everytime we fall

This only so much left unshattered  
This time I know my back's against the wall  
But truth is the only thing that matters anymore

I'm scared in a crowd of people  
And you're afraid to be alone  
I have prayed you'd be beside me  
I guess I'm meant to stand alone  
'Cause our hearts to get broken  
Every time we fall  
They're beaten down and battered  
You're so afraid you don't deserve it all  
But you're not the only thing  
That matters anymore

How can I live without you in my heart  
When I walk out this time  
It'll tear me apart  
My heart gets broken  
Everytime we fall  
There's only so long  
I can fake it  
'Cause you let me go Babe

We could have had it all  
We had a chance  
I thought we'd make it  
'Cause I gave my heart  
You had to break it  
God give me strength  
I just can't take it anymore
