I aint gotta die, for me to get to heaven
I get a glimpse of heaven for every time I feel your loving
And you know I aint lying, when I say I love you
I hope you know, I hope you know, I hope you know
My heavens with you, you, you
My heavens with you, you, you
My heavens with you, you, you
My heavens with you, you, you

Looking at your photograph, thinking how you make me laugh
You put a sparkle in my eyes, and give me crazy butterflies
My body lingers with your smile, thinking that I just might've fell
I miss you baby, can you see me, cause it feels like hell
And when you're not around, I need an, I need an, I need you
And when I'm feeling down, I want you, I want an, I want you

I aint gotta die, for me to get to heaven
I get a glimpse of heaven for every time I feel your loving
And you know I aint lying, when I say I love you
I hope you know, I hope you know, I hope you know
My heavens with you, you, you (wit chu)
My heavens with you, you, you (wit chu)
My heavens with you, you, you (wit chu)
My heavens with you, you, you (wit chu)

I read your texts that made me smile, but I aint had one for awhile
I know you're sleeping this time zone, but I'm still staring at my phone
And you're always there for me, I even see you in my dreams
My sacrifice, my paradise, my happy ending to the least
Every day and every night, I'm wanting, I'm wanting, I want you
And until the end of time, I'll love you, I'll love you, I'll love you

I aint gotta die, for me to get to heaven
I get a glimpse of heaven every time I feel your loving
And you know I aint lying, when I say I love you
I hope you know, I hope you know, I hope you know
My heavens with you, you, you (wit chu)
My heavens with you, you, you (wit chu)
My heavens with you, you, you (wit chu)
My heavens with you (wit chu), you (wit chu), you (wit chu)

My heavens wit chu, my heavens wit chu

Got me feeling yellow, the opposite of mellow, girl when you say hello I feel brand new

Baby don't worry about it girl, here's the keys to my world

It's all my love; got me so excited, make me hot love

Baby don't divide it, give me alla alla ya

I want all of your love, here's all of my love
