Holding you, I'll never be alone
Kissing you, you tell me I belong
Missing you, you tell me I'll be strong
Loving you tell me I belong

Holding you never be alone, never be alone
And missing you tell me I'll be strong, you tell me I'll be strong
And kissing you never be alone, never be alone
Missing you tell me I'll be strong, you tell me I'll be strong

Holding you, never be alone
Kissing you, you tell me I'll be strong
Missing you, never be alone
Loving you, never be alone

Missing you, you tell me I'll be strong
Kissing you, you tell me I belong
Tell me I belong
Holding you I'll never be alone, never be alone
Kissing you, you tell me I'll be strong you tell me I'm strong

Holding you, you never be alone,
Never be alone
Kissing you, you tell me I'll be strong
Tell me I'll be strong
Loving you, you tell me I belong
Tell me I belong
Missing you, you tell me I'll be strong
Tell me I'll be strong

And holding you, never be alone, never be alone
