

Dead Body

Chet Faker

Over my dead body
I will never shake this feeling away
Someone told me they bet I'll be sorry
I can't be wrong enough

So do we fail if you don't want me now
Is this wrong, save a life under light
I can be wrong if not then live without me
To me to see similar

Cause you don't belong with me
Nobody grows for free
Sometimes is good to be
Lost in your head
I said

Over my dead body
I will never shake this feeling away
Someone told me they bet I'll be sorry
I can't be wrong enough

So do we fail if you don't want me now
Is this wrong, save a life under light
I can be wrong if not then live without me
To me to see similar
