

# Paradise Alley

Chicago

Come on in, have a look around  
Hang your hat and find a chair  
The pretty women smile at you  
The party's just beginning  
There's music everywhere

Paradise alley  
(Gonna take it to the paradise)  
(Take it to the paradise)  
Paradise alley  
(Gonna take it to the paradise)  
(Take it to the paradise)

Paradise alley  
(Gonna take it to the paradise)  
(Take it to the paradise)

Brothers got to stick together here  
Fight with one, you fight with three  
The family blood is thick as mud  
Day to day the world keeps spinning

Paradise alley  
Paradise alley  
(Gonna take it to the paradise)  
(Take it to the paradise)  
Gonna take it to the paradise  
Take it to the paradise

It reminds you of who you used to be  
And who you are and who you'll always be  
It finds you in pursuit of dreams and hopeless schemes  
Life is richer than it seems

Gonna take it to the paradise  
Take it to the paradise  
Gonna take it to the paradise  
Take it to the paradise  
Gonna take it to the paradise  
Take it to the paradise

There ain't nothing like being in a womans arms  
The one you love, the one you want  
There's one small problem, who can she be  
I feel like winning her in

Paradise alley  
(Gonna take it to the paradise)  
(Take it to the paradise)  
Paradise alley  
(Gonna take it to the paradise)  
(Take it to the paradise)

Paradise alley  
(Gonna take it to the paradise)  
(Take it to the paradise)  
Paradise alley

(Gonna take it to the paradise)  
(Take it to the paradise)

I'm gonna take you there  
Paradise alley  
(Gonna take it to the paradise)  
I'm gonna take you there
