

## Destroy and Dominate

Chimaira

I am the bastard son  
The expendable one  
War is in my blood  
Rage is in my heart  
The lone wolf inside me  
No home, no family  
Just wanted serenity  
But you pushed, you pushed me  
You pushed me  
The lone wolf inside me  
Needs to be set free  
One by one I'll crush you all  
Day by day, destroy and dominate  
Blood, blood for blood  
Destroy, destroy and dominate  
Rejected by society  
The same one that created me  
And I, I don't care what you say anymore  
I am no longer your slave  
The lone wolf inside me  
Has finally been set free  
One by one I'll crush you all  
Day by day, destroy and dominate  
Blood, blood for blood  
Destroy, destroy and dominate  
Dominate  
One by one I'll crush you all  
Day by day, destroy and dominate  
Blood, blood for blood  
Destroy, destroy and dominate
