

# Live For The Day

Chris de Burgh

Live for the day (the day)  
Share every precious moment  
And I'll be there... I'll be there

I can't wait until tomorrow  
There's so much that I have to see,  
Find the road that we must follow, Destiny  
Take my hand and lead me always  
Show me the world that is in my dreams  
Be the light that's always shining  
Over me, cause I believe...

That we must live for the day  
Share every precious moment  
This is the way we'll be forever  
We must live for the day  
Treasure these special memories  
And I'll be there  
I'll be there for you

One by one the leaves are falling  
One by one the years go by  
Noone knows when winter's calling  
For you and I, to say goodbye

And so we live for the day  
Share every precious moment  
This is the way we'll be forever  
We must live for the day  
Treasure these special memories  
And I'll be there  
I'll be there for you

I'll be there, someone to watch over you  
I'll be there, when you need my love  
Take my hand, this is where I'll always be  
Take my hand, I'll be here for you

Live...  
Share...

We must live for the day  
Share every precious moment  
And I'll be there (be there, be there)  
I'll be there, for you

Live for the day (for the day, for the day)
