

## Praise The Lord

Chris Rea

Well I'm talking with my brother,  
I'm talking with my brother  
I say what's going on?  
What a strange kind of music  
Where's it coming from?  
Well, they sing it in the churches  
They sing that Jesus saves  
Oh they sing about the Holy Land  
While they beat up on their slaves

Singing praise the Lord  
Well I got to know this Jesus  
I got to find out what he do  
If you keep them in fine house  
Maybe they'll sing for me and you  
Singing praise the Lord  
Learn the rules of sin  
Praise the Lord  
Maybe he'll let us in  
Singing praise the chance  
This could all be true  
Well there's nothing to lose  
For me and you  
So praise the Lord
