

# Goodbye Game

Chrisette Michele

Tell me why I'm living.  
Some days my work seems so in vain.  
I talk to you, you don't hear nothing that I say.  
What's up with this game?  
Why am I so forgiving?  
Why am I always checking for these fools?  
If he ain't hearing none of homegirls rules,  
Why do I play?

I'd rather play alone  
I can't play the fool anymore, no  
No, I don't need a game anymore, you could play the fool  
I'ma play my hero, you gonna be a zero (oh)  
I'd rather play alone, I can't play the fool anymore  
I don't need a game anymore, you could play the fool  
I'ma play my hero, you gonna be a zero  
I'm playing the goodbye game,

Hit the highway, call you a cab, gimme back my keys  
Goodbye to baggage you aint bagging me  
I'm gonna smile when I wave, goodbye baby  
I can take the long road  
Ain't got no pride I ain't putting up a fight  
Get out the boxing ring its T.K.O. tonight  
walk that way,

I'd rather play alone (oh), I can't play the fool anymore (no)  
I don't need a game anymore, you could play the fool (yeah)  
I'ma play my hero, you gonna be a zero (oh)  
I'd rather play alone, I can't play the fool anymore  
I don't need a game anymore, you could play the fool  
I'ma play my hero, you gonna be a zero  
I'm playing the goodbye game,

We play the game until we lose  
better to leave ya before I do, get ready fire  
You are the cheater, and be a quitter, I'm still a winner (ohhh ohhh) sing oh  
oh oh oh oh  
wen it hurts so bad say oh  
Sing one more time with me,  
Oh, oh, oh, I just can't say the way I feel right now Say oh, oh  
One more time, oh

imma play alone oh  
I can't play the fool anymore  
I don't need a game anymore, you could play the fool  
I'ma play my hero, you gonna be a zero  
I'd rather play alone, I can't play the fool anymore  
I don't need a game anymore, you could play the fool  
I'ma play my hero, you gonna be a zero  
I'm playing the goodbye game
