

# Every Turn Of The World

Christopher Cross

We think about the loves we lost  
Will it come again  
We think of all the things we want  
Will we ever win

We listen to the voice of children  
Will they find their way  
Keep an open heart  
The answer to it all's a wish away

Never let the tears you're cryin' blind you  
To the dream that's waitin' to find you  
'Cause there's one more chance  
With every turn of the world

Is it gold or glory  
A taste of freedom  
Or the strong warm touch of a body  
There are all these things with every turn of the world

Human kindness - diamond of the heart  
Tearing down the old walls  
As long as we can share  
Desire's not a sin, after all

When you find yourself alone  
Missing tender magic touching you  
Keep an open heart  
Everything you dream can still be true

We all want a world we can live in  
We all want a world full of love  
It's never too late  
It's never too soon  
Whatever you can do is enough
