

I Want Your Love

Chromatics

When I came to this world
I arrived in a car
I was a boy
I was a girl
pyramid glass
scaraping the sky
see our reflection
cast no reflection

I want your love

when I came to this world
I arrived in a storm
alone in the rain
falling out from the clouds
voice on the radio
crying 96 tears
see our reflection
cast no reflection

I want your love

when I came to this world
from the inside
feeling the space
between death and life
between blocks of dreams
between walls of sleep
see our reflection
cast no reflection

I want your love

when I leave from this world
I will leave in a storm
I'll be a boy
I'll be a girl
Ill see thru glass
Ill scrape the sky
see my reflection
it's just a reflection

I want your love
