

Georgina

Chumbawamba

Is she really going out with him?

Not anymore!

Georgina's cooking supper for her husband, all her firends are coming round to see the show

Cos the theif she calls her husband wont be hungry, when he see 's whats on the end of his fork

Georgina isn't asking anymore and

Her lover isn't asking anymore and

The cook isn't asking anymore since

The theif met a bullet on the way to the floor

Georgina's got a timebomb in her stomache, she knows that any m inete now she's gonna blow

With all the pain and the scilence that she feeds on, with all the hurt that the brusies cant show

Georgina isn't asking anymore and

Her lover isn't asking anymore and

The cook isn't asking anymore since

The theif met a bullet on the way to the floor

Georgina's got an appetite for vengeance, and she sings all the songs from Oliver

She wont be wanting seconds anymore as she tightens up he grip of the trigger finger

Georgina isn't asking anymore and

Her lover isn't asking anymore and

The cook isn't asking anymore since

The thief met a bullet on the way to the floor
