

## Woman

## City and Colour

Woman

My love is never ending  
Like a sea without a shore

Woman

I'm a fool guilty of old crimes  
But you are the one I adore

Woman

When the world has emptied  
and the planet is covered in dust  
I will stand beneath the silver moon rising  
Waiting to resurrect our love

Woman

My love is never ending  
Like a sea without a shore

Woman

I'm a fool guilty of old crimes  
But you are the one I adore

Woman

When the world has emptied  
and the planet is covered in dust  
I will stand  
Stand beneath the silver moon rising  
Waiting to resurrect our love
