

# Can't Let You Do It

Eric Clapton

Well you got some high class baby  
Steppin' all over me  
With your high tone  
And your blue line  
Respectability  
You go down on the corner  
Havin' yourself a ball  
Changed your way of livin'  
And I don't know you at all

I can't let you do it  
I can't let you do it to me  
I know you're gonna do it  
But  
I can't let you do it to me

If the sun don't shine no more  
And the blue sky don't appear  
If the rainfall don't fall no more  
I really don't think you'd care  
You got so wrapped up baby  
In everything you do  
Been putting on the dog  
You know  
And I mean you

I can't let you do it  
I can't let you do it to me  
I know you're gonna do it  
But  
I can't let you do it to me

If you don't shut down  
Miss banquet  
If you don't shut down  
Real soon  
Gonna find yourself  
Out on the street  
Looking for another room  
You're seen me on the corner  
Having myself a ball  
Gonna change my way of living  
And you won't know me at all

I can't let you do it  
I can't let you do it to me  
I know you're gonna do it  
But  
I can't let you do it to me
