

Heads in Georgia

Eric Clapton

Well my heads in Georgia but my feet are California bound
Well my heads in Georgia but my feet is California bound
Cause that good looking woman I got wants to leave these Georgi
a towns

Well we ride them old freight trains rent them automobiles
For we ride them old freight trains and rent them automobiles
Cause that good looking woman is tired of these old Georgia hil
ls

And that lonesome old highway seems to be our way no doubt
And that lonesome old highway seems to be the way no doubt
Cause that good looking woman and me, we just hanging out

Trains and airplanes is all we do, I'm running half the time ju
st like she wants me to
Makes me no difference to me when all is said and done, headed
west toward the setting sun

Well my heads in Georgia but my feet is California bound
Cause that good looking woman I got wants to leave these Georgi
a towns

Well my heads in Georgia but my feet is California bound
Well my heads in Georgia but my feet is California bound
Cause that good looking I got wants to leave these Georgia town
s

Cause that good looking woman I got wants to leave these Georgi
a towns
Good looking woman I got wants to leave these Georgia towns
