Sleeping In The Ground

Eric Clapton

I would rather see you Sleeping in the ground, I would rather see you Sleeping in the ground Than to stay around here If you're gonna put me down.

Well, I give you all my money, Everything I own. Well, I give you all my money, Everything I own. Well, some day I'm gonna get lucky, And down the road you know I'm goin'.

Well, I would rather see you Sleeping in the ground, Well, I would rather see you Sleeping in the ground Than to stay around here If you're gonna put me down.

You know I give you all my money, Yeah little girl, everything I own. Well, I give you all my money, Everything I own. Well, today I'm gonna get lucky, And down the road you know I'm goin'.
