Don't to this don't do that Don't you ever talk back Don't speak with food in your mouth Just keep quiet while the grown ups are talking I'm not being mean I'm just being fair It's just because I really care You know that I love you But shut your mouth you just have to do what I say I don't want you to lie You're much too old to cry You're just to young to know But when you're older you'll understand You are mine I own you Look at me I'm talking to you Don't use that tone to me So shut your mouth you just have to do what I say

When I grow up there will be a day When everybody has to do what I say When I grow up there will be a day When everybody has to do it my way

I've paid to raise you good Done everything I could so don't you dare to say That I ever cared about you anyway I gave you good food to eat I kept you on your feet I gave you all my good advice Not once did I hear you thank me for all that I've done You don't know anything About my suffering I went through a lot of pain Just to get you where you are today If I ever hit you It's because I have to You have done something wrong And you deserve the punishment, you'll have to pay

Don't ask me why not

Be glad with what you've got

Don't tell me you're alone

You should be glad that you have a home

Just look me in the eyes

You have to realize

I make the rules that's it

It's for your own good so you have to do what I say
