

Don't Look at Me

Clawfinger

Why don't you want to talk to me does it feel easier to pass me
by
you read my face like I'm a fucking disgrace and you never look
me in the eyes
the truth is always easiest to ignore and that's why you walk t
he other way
but is it really that hard for you to think of something comfor
ting to say
Don't look at me as If I'm different
Don't look at me as If I wasn't there
Don't look at me as If I'm no good
Don't look at me as If you didn't care, as if I wasn't there!
You walk a little faster like you're trying to say that you rea
lly haven't got the time
and when I put my hand out for a coin or two you just pretend t
hat you've gone blind
It seems hard for you to show any compassion for me but it woul
dn't hurt for you to try
reality can be painful but tell me have you ever wondered why?
(Chorus)
You like to keep a safe distance from me to make sure that we n
ever meet
and just in case I might be dangerous you quickly turn and walk
across the street
You're so scared of the sight that you see that you decide to n
ever understand
Instead of judging me by the way that I look, accept me for who
I am
Instead of judging me by the way that I look, accept me for who
I am
Instead of judging me by the way that I look, accept me for who
I am
Instead of judging me by the way that I look, accept me for who
I am
(Chorus)
