

Final Stand

Clawfinger

I see the truth in the eyes of the sky
& since I was a baby I've been destined to die,
this life it has no meaning,
I greet death like a friend,
I'm in a state of worship,
I've got a faith a must defend,
my ticket to the heavenly,
my salvation from hell,
my gateway to eternity,
my escape this insanity.

Chorus:

My death will be my final stand, my death will be my sacrifice
my death will be my last command & be my guide to paradise

My grave is open,
I've said my good-byes,
Ma path has been chosen,
my faith can't be denied,
a better life awaits me if I make my sacrifice,
my sins will be forgiven when I reach my paradise,
my ticket to the heavenly,
my salvation from hell,
my gateway to eternity,
my escape from this insanity
