

One Day At A Time

Client

Time on my hands
And you on my mind
I want you here
'Cos I'm weary without you
You don't understand
But I'll take the blame
For my restless nature
I want to be with you
Whatever

One day still feeling alone
I'm getting nowhere and I'm far from
home and alive
One day at a time
That's my life
Hand on my heart
It's you that I need
I serve my purpose
Then I'm ready to leave

One day still feeling alone
I'm getting nowhere and I'm far from
home and alive
One day at a time
That's my life

One day still feeling alone
I'm getting nowhere and I'm far from
home and alive
You're still on my mind
That's my life

I'm alive
You're still on my mind
That's my life
