

Walkin'

Cliff Richard

I got nobody since you left me
Got no doggy for company
So I'm walkin', walkin' the blues

Every night when the sun goes down
You can see me all over town
Just a walkin', yeah walkin' the blues

When you moved out
Mr Blues moved in
Now is he walkin' me
Or am I walkin' him

All I know is that I've got nobody since you left me
I Got no doggy for company
So I'm walkin', yeah walkin' the blues

Now when you moved out
Mr Blues moved in
Hmmm is he walkin' me
Or am I walkin' him

All I know is that I got nobody since you left me
Got no doggy for company
So I'm walkin', yeah walkin' the blues

Every night when the sun goes down
You can see me all over town
Just a walkin', yeah walkin' the blues
