

Ooooo

A thousand years is a long time
Don't worry , I'm not tired
you have all the time in the world
if it makes you happy

A thousand years is a long time
but I just want to wait
and I will wait right by your side
if it makes you happy

You make the planets turn around
you save my world from falling down
you are the words in the book that I love to read.

I'll stay awake for thousand nights
and be asleep for thousand days
I'll be the hero of your dreams
If it makes you happy

(And) I can say this thousand times
But it won't be enough
The greatest reward of them all
Is to see you're happy

I would walk thousand miles
for one of your smiles
I would carry the sky
if that's what you ask
