

## 6 Days To Madness

Cloud Cult

Compare the 6 days of the book of Genesis,  
to the 4 billion years of geologic time  
on this scale, 1 day equals about 666 billion years

all day Monday, until Tuesday noon  
creation was busy getting the earth going  
life began on Tuesday noon  
and the beautiful organic wholeness of it  
developed over the next 4 days.

at 4 P.M. Saturday, the big reptiles came  
5 hours later, when the redwoods appeared  
there were no longer big reptiles

at 3 minutes before midnight, man appeared  
one-fourth of a second before midnight, Christ revolted  
one-fortieth of a second before midnight, the industrial revolu  
tion began

we are surrounded by people who think  
that what we have been doing for  
one-fortieth of a second can go on indefinitely  
they are considered normal,  
but they are stark, raving, mad.
