

From the Flagstones

Cocteau Twins

At times I've seen you from the armyard
At times I've seen you from the flagstones
At times I've seen you from the armyard

At times I've seen you from the balustrade
At times I've seen you from the flagstones

You can't cajole
And you can't cajole
And you can't cajole
And can't cajole

At times I've seen you from the aureole
At times I've seen you from the flagstones
At times I've seen you from the aureole
At times I've seen you from the flagstones

Like another goalstone
You may cajole
And you may cajole
And you may cajole

You may cajole
And you may cajole
And you may cajole

You may cajole
And you may cajole
And you may cajole
And make a joke

At times I've seen you from the balustrade
At times I've seen you from the flagstones
At times I've seen you from the balustrade
