Heartbeats Accelerating

Cœur de Pirate

Love, love, where can you be?
Are you out there looking for me?
Love, love, where can you be?
Love, I am waiting.
Heartbeats accelerating.

Will you come when all is still? From the river or the hills. Love, love, where can you be? Love, I am waiting. Heartbeats accelerating.

Will you come on a Saturday night? Maybe then the time will be right. Love, love, where can you be? Love, I am waiting. Heartbeats accelerating.

When you steal into my room
What earthly body will you assume?
Love, love, where can you be?
Love, I am waiting.
Heartbeats accelerating.

Will you come on a Saturday night? Maybe then the time will be right. Love, love, where can you be? Love, I am waiting. Heartbeats accelerating.

Love, love, where can you be? Are you out there looking for me? [x2]

Love, I am waiting.
Heartbeats accelerating.
