

# The Crossroads

Cold

Took you away from your world  
Guess you thought it was on my dear  
I can't believe what you said  
Stand in line when you come to me

Fuck you, I don't give a damn what you sold me  
Was God on fire?  
Why can't you see it was trust that was killed in this song tonight?

I don't want to be alone  
I can find somebody new  
I don't need you to go on  
This is my religion

Take me for all that you can  
Play the game that you started here  
Don't think I don't know the ways and the reasons  
You stand with me

Fuck you, I don't give a damn what you sold me  
Was God on fire?  
Why can't you see it was trust that was killed in this song tonight?

I don't want to be alone  
I can find somebody new  
I don't need you to go on  
This is my religion

Took you away from the world

I don't want to be alone  
I can find somebody new  
I don't need you to go on  
This is my religion

I don't want to be alone  
I can find somebody new  
I don't need you to go on  
This is my religion
