

# White Shadows

Coldplay

When I was a young boy  
I tried to listen  
and I wanna feel like that  
little white shadows  
that sparkle and glisten  
I'm part of a system plan

Do you ever feel like  
there's something missing?  
things you'll never understand  
little white shadows that blink in the distance  
part of a system plan

When all our fears are waking up  
all the space they're taking up  
I said I cannot hear you, you're breaking up

Ohhhh..

Maybe you get what you wanted  
maybe you stumbled upon it  
everything you ever wanted  
in a permanent state

Maybe you'll know when you see it  
maybe if you say it, you mean it  
when you find that you keep it  
in a permanent state  
a permanent state

When I was a young boy  
I tried to listen  
I don't think I'll ever feel like that

We're part of the human race and  
all of the stars and outer space  
we're part of the system plan

When all our fears are waking up  
and all the space, they're taking up  
I said I cannot hear you, you're breaking up

Maybe you get what you wanted  
maybe you'll stumble upon it  
everything you ever wanted  
in a permanent state

Maybe you'll know when you see it  
maybe if you say it, you'll mean it  
when you find that you keep it  
in a permanent state  
a permanent state

I swear I'm only seeing faces  
tired of the human races  
Oh, answer now is what I need...

See it in a new sun rising  
see it breaking on your horizon  
Oh, come on love, stay with me...
