

# To Be Alive

coldrain

A dead silence surrounds me  
Why am I hesitating again?  
My heart is full of these words  
Drowning inside  
But I can't let them out  
So I look into this mirror  
Hope to find something inside  
Hope to find something inside

It's me against myself this time  
Me against the world I hide  
Can I overcome and find a way  
To be alive  
It's me against myself this time  
Me against the world I hide  
Can I overcome and find a way  
To be alive

This voice inside  
Is all that I need to know I am alive  
But the fear is a sickness  
Clouding my judgment taking my courage  
To believe again is to be whole again  
So I need these songs to cure me from myself  
To cure me from myself

It's me against myself this time  
Me against the world I hide  
Can I overcome and find a way  
To be alive  
It's me against myself this time  
Me against the world I hide  
Can I overcome and find a way  
To be alive

Raise your hand if you feel like you're fighting yourself  
Raise your hand if you feel like you're dying inside  
Raise your hand if you feel like you're fighting yourself  
Raise your hand if you feel like you're dying in yourself  
If you feel like you're dying in yourself now

It's me against myself this time  
Me against the world I hide  
Can I overcome and find a way  
To be alive  
It's me against myself this time  
Me against the world I hide  
Can I overcome and find a way  
To be alive  
To be alive  
To be alive
