Color Me Badd

Ooh, sock it to me mama  
Oh, I thought I saw a pussy cat, baby  
Ya she looks like she can be my personal steady  
Ya, let me make this move

Baby, I want cha very bad, babe, I do  
And I've been wanting you for so long, oh  
And I could never love you fast, babe, not you  
I take my time and love you all night long

All night, you know that I want your love  
Let me make it right for you  
All night, you're the one I'm thinking of  
Once I make it right  
Baby, I know you will never go, slow

I like to love you in slow motion  
Ooh, ya got it goin' on slow  
Let me love you slow, slow  
I like to love you slow so morning will come before I do  
Let me love you, slow

Ah, come on, my motor is runnin'  
You got this animal hype in ya  
I gotta slow it down  
To get my timing right

Baby, I think you're very sexy, I do  
Come over here and get a little bit closer to me, yeah  
The time has come for me to love you real slow, slow  
Motion lover is what they call me, slow

I like to love you in slow motion  
Ooh, ya got it goin' on slow  
Let me love you slow, slow  
I like to love you slow so morning will come before I do  
Let me love you, slow

How do you wanna do it baby?  
Oh, 20 miles an hour is the speed I drive, all night  
Ain't nothin' wrong, I just take my time, yeah, but yo check this out  
Don't get offended if I fall for a little behind baby, yeah, all right  
20 miles an hour and uh, your rump is mine, yeah

I like to love you in slow motion  
Ya got it goin' on slow  
Let me love you slow, slow  
I like to love you slow so morning will come before I do  
Let me love you

Ooh, sock it to me mama

All night, you know that I want your love  
Let me make it right for you  
All night, you're the one I'm thinkin' of  
Once I make it right

Oh, 'Make it good', is my national anthem, baby

All night, you know that I want your love  
Let me make it right for you  
All night, you're the one I'm thinkin' of  
Once I make it right

All night, you know that I want your love  
Let me make it right for you  
All night

Like a turtle and hare, I promise I will be there  
Oh am I in? On my honor I will do my best  
To steal all I can and bonk the rest, yeah  
You all just as crazy as joy
