

# I Wanna Rock You

Commodores

we started out as friends  
and now we're turning into lovers  
look at what you doing to me  
I used to be a ladies-man but not there is no other  
your tender love is all that I need

girl,  
if you can feel it  
let the music take your mind  
just leave it up to me  
you'll have a real good time  
girl,  
you know you want it  
feel the magic of my touch  
cant help the way I feel  
I just want your love so much

rock  
I wanna rock you girl  
rock  
I wanna rock you baby  
rock  
I just wanna rock you girl  
rock

and all my friends keep telling me  
they see you with another  
I know you save your loving for me  
I won't believe that you been loving someone undercover  
I will not give you reason to leave

girl,  
if you can feel it  
let the music take your mind  
just leave it up to me  
you'll have a real good time  
girl,  
you know you want it  
feel the magic of my touch  
can't help the way I feel  
I just want your love so much

rock  
I wanna rock you girl

I wanna rock you baby

although I had the pleasure  
of many other girls (other girls)  
they were nothing like you  
my job has taken me all over the world  
so many changes I've been through

I can tell that you're a special girl  
and that you are one of a kind  
baby baby all I want is a chance  
coz you are blowing my mind
