Do what you wanna do
So much in life to see you through
Be what you wanna be
Be strong and tell the world you're free

I see the children of the world Searching to find themselves and who they are So many roads for them to choose, yeah So many ways for them to win or lose

Oh, this is your life Oh...oh...yeah, yeah Oh, whoa, whoa, yeah This is your life Yeah, yeah

I'll see you there Dyin' in your wisdom Where do you go, tell me Where do you go

Just see the light
Shine through your window
Why can't you see, tell me now
Why can't you see

I'm longin' to see
If your search will find
Ah, peace of mind
Well...peace of mind

If this is your life (Yeah, yeah)
This is your life, yeah, yeah
This is your life, yeah, yeah
This is your life, yeah, yeah
This is your life, yeah, yeah
