

You Changed My Life In A Moment

Company

The nights the sky was filled with clouds
My worried mind was filled with fear
I couldn't count all the lonely hours
Spent with memories and tears
I never thought I would see the day
When I could throw all my sorrow away
But then you came and you showed me the way
You have made all those times disappear

You changed my life in a moment
And I'll never be the same again
You changed my life in a moment
And it's hard for me to understand
With the touch of your hand in a moment in time
All my sorrow is gone (is gone...is gone...is gone...)

I never thought that I could change
Could change so much in so many ways
I'm still surprised when I look in my mirror
To see that I still look the same

You changed my life in a moment
And I'll never be the same again
You changed my life in a moment
And it's hard for me to understand
With the touch of your hand in a moment in time
All my sorrow is gone

(You changed my life in a moment)
You changed my life
(And I'll never be the same again)
I'll never be the same
You changed my life in a moment
And it's hard for me to understand
With the touch of your hand in a moment in time
All my sorrow is gone

(You changed my life in a moment)
Gone...gone..
In a moment in time
All my sorrow is gone...
