

## We Have Something More (Than A Summer Love)

Connie Francis

The summer's over,  
And now you're going,  
But I know that our love won't die,  
While you're away,

A love like ours,  
Doesn't happen everyday,  
"Cause we have something more,  
Oh, we have something more,  
Than a summer lo-ove.

I will remember,  
As leaves are falling,  
The way you held my hand,  
As we walked in the sand,

With every kiss,  
I'd love you,  
And we'd understand,  
That we have something more,

Yes, we have something more,  
Than a summer love.

And when the winter comes,  
Another love has faded away,  
I will be writing you,  
Telling you how much I love you,  
More each passing day.

So darling hold me,  
And say you love me,  
The time is flying by,  
And now you have to go,

But as we say goodbye,  
I won't cry 'cause I know,  
That we have something more,  
Oh, we have something more,

Yes we have something more,  
Than a summer love,  
A su-ummer love,  
A summer love.
