

Better Than You

Conor Maynard

I can do it better than, better than you.
Better than, better than you.

Better than, better than you.

I can tell that you're watching me,
And I know you're loving everything that you see.
The way I gotcha going crazy,
I'll make you wanna dance with me.
Now I'm walking 'round like I just don't care,
Got everybody lookin' like I'm a true player.
So what's up? So what's up?

I see you staring, but I ain't mad at that.
I know you do you, and I do me right back.

Ready to go, oh,
Sure you wanna play this game?
I can do it better than, better than you.
I can do it better than, better than you.
So baby let's go, oh,
I know you won't forget about me.
I can do it better than, better than you.
I can do it better than, better than you.

So you get what you see with me,
Take a picture but you ain't getting 3D.
Boy slow down, come here, I'm a make you sing to me.
So you say that you're better than me,
If I take it all off, bet you'll like what you see.
So what's up, oh what's up?

I see you staring but I ain't mad at that.
I know you do you, and I do me right back.

Ready to go, oh,
Sure you wanna play this game?
I can do it better than, better than you.
I can do it better than, better than you.
So baby let's go, oh,
I know you won't forget about me,
I can do it better than, better than you.
I can do it better than, better than you.

Uhmm nah uhmm nah uhmm nah eh,
Uhmm nah uhmm nah uhmm nah.

I can see you losing your mind, yeah.
Cause we about to set this on fire.

Cause we about to set this on fire.
