

Girls Love Beyonce

Conor Maynard

I know girls love Beyoncé,
Girls love to fuck with your conscience
Girls hate when someone go missing

Shawty, you ain't no difference
these days it's hard to meet women
feels like my love life is finished
I've been avoiding commitment
that's why I'm in this position

I'm scared to let somebody in on this
no new friends no no no
you know how this shit goes
you got your fair share of admirers
they call your phone
you try to act like it's just me
but I am not alone

But if you're alone, then
say my name say my name
if no one is around you
say baby I love you
if you ain't running games
say my name say my name
you actin' kinda shady
baby, why a sudden change?

Say my name, say my name,
say my name, ohhh
say my name, say my name
when no one is around you

Say my name, say my name
'cause those other men are practice
and this ain't no time for acting
and this ain't no time for games
and this ain't no time for uncertainty
and this ain't no time for locking your phone
and not coming home and starting shit when I'm in the zone

This is why I've been saying
no new friends no no no
you know how this shit goes
this is not four years ago

Time escapes me
now forget how it felt when this shit moves slow
I came through in whips that make
a young boy take the long way home

All my young boys 'round me sayin'
get money and fuck these hoes

Where we learn these values
I do not know what to tell you
I'm just trying to find a reason not to go out every evening
I need someone that'll help me think of someone besides myself

I need someone I leave the front door with
'cause we don't wanna hide no more
plus you're not shy no more
neither of us wanna play the side no more

No I'm not alone
even though nothing was the same
let me get your ass alone
let me make you say my name
say my name

Say my name, say my name
if no one is around you
say baby I love you
if you ain't running games
say my name say my name
you actin' kinda shady
baby, why a sudden change?

Say my name, say my name
say my name, ohhh
say my name say my name

When no one is around you
