

Headphones

Conor Maynard

Don't care where I'm going,
Or even if I get there.
I'm gonna take the long way.
Gonna take the wrong way.

Going through my playlist.
Forgot I even at this,
I could do this all day.
'Cause I'm a be the DJ.

I'm a turn it up.
I don't need nobody.
You can slow me down.
Just gettin' started.

I'm a do the Jerk.
I'm a do the Dougie.
I don't even care if you watch me party!

Hear that boom-boom clap from my headphones.
I'm a rock it like that in my zone.
Gonna pump that track till the bass blows out.
Turn it up and turn the whole world down.

Got that boom-boom clap in my headphones.
I'm a go hard till I go home.
Now you can't stop me when I drop it low.
Don't need nothing but my headphones.

I got that oooohoo.
I got that oooohoo.

Rockin' to the tempo.
Looking like a weirdo.
Don't care what they thinkin'.
I'm a keep on singing.

Dadadada

So what if it's raining.
I keep that music playing,
I'm listenin' to Kanye.
Then I'm a rock with MJ.

Now I'm goin' in,
Don't you try to stop me.
Beats about to drop.
Can't control my body.

I'm a do the Jerk.
I'm a do the Dougie.
I don't even care if you watch me party!

Hear that boom-boom clap from my headphones.
I'm a rock it like that in my zone.
Gonna pump that track till the bass blows out.
Turn it up and turn the whole world down.

Got that boom-boom clap in my headphones.
I'm a go hard till I go home.
Now you can't stop me when I drop it low.
Don't need nothing but my headphones.

On your way to work (work).
On your way to college (college).
Pump them headphones, get'cha your head jumpin'.

No matter where you are (are).
No matter where you goin' (goin').
Grab them headphones, get the beat pumpin'.

From here to Tokyo, L.A. to Miami,
Pump them headphones, get'cha head jumpin'.

No matter where you are (are).
No matter where you goin' (goin')
Grab them headphones, get the beat pumpin'.

Jack

I put them out and turn them loud.
Baby girl that's how I do it.
I walk around the block.
They wonder what the kid is doing.

'Cause I mean with it.
Yeah, I rock with it,
And with the New Era fitted,
I'm lookin' fly like Quentin.

So if I'm walking and rocking,
No talking to me.
But if you look like a model,
Then you can follow me.

I got that boom-boom.
It's in my room, room.
Oh wait damn girl,
Was that too soon?

Hear that boom-boom clap from my headphones.
I'm a rock it like that in my zone.
Gonna pump that track till the bass blows out.
Turn it up and turn the whole world down.

Got that boom-boom clap in my headphones.
I'm a go hard till I go home.
Now you can't stop me when I drop it low.
Don't need nothing but my headphones.
