

## Air Mattress

Conor Oberst

I want to sleep on the air mattress with you  
And let the air leak out, what would I do?  
And as we sleep our bodies slowly meet  
I can feel it when your heart beats, I do

The air mattress with you  
(Can I sleep on)  
The air mattress with you?

It's under covers where it all begins  
And we pretend that we are just friends  
But when the others fall asleep, it ends  
We become lovers once again, we do

The air mattress with you  
(Can I sleep on)  
The air mattress with you?  
(Can I sleep on)  
The air mattress with you?  
(Can I sleep on)  
The air mattress with you?

My dreams, they have a holiday  
My lungs, they twist the night away  
And even if I stay away  
I still get rest for hours  
I still get rest for hours  
I still get rest for hours

And even if there was a king-size bed  
Where I can stretch my legs and lie my head  
All by myself, in the darkest room  
Just know that no matter what the options are, I choose

The air mattress with you  
(Can I sleep on)  
The air mattress with you?  
(Can I sleep on)  
The air mattress with you?  
(Can I sleep on)  
The air mattress with you?
