

Bottle Girls

Consequence

Fresh off the plane from Charlotte and I'm on my way to Startlets
And I'm wearing All Gold you should know 'The Code'
That's why Lynda Rose and Nikkita Maxx, bring me back
Hit me wit a bottle like Da Brat, I'm throwing up racks
That'll cause bird beef cuz I'm turnt wit Bernice
And I turn into a beast when Graciii3's dancing
I'm the mayor up in the piece like its Gracie Mansion
There's a chain reaction when, I tipping my Mack game's wild
And I ain't talkin bout Tristan I'm talking bout kissing
I'm talking bout licking and turning Kathy Red
Into a Kathy Griffin cats be trippin'
What they testing me for all cuz they seen me
Hugging Destiny Moore well ain't that
What destiny's for I probably come across
Like I got 'Thick Skin' cuz as long as she's thick
It doesn't matter which skin I need me a ten
Who be stuntin' with Slay so I go Crystal Lake
Over Crystal Renay so tell Supe and 20K
We in VIP where the Superstars stay
Where the Superstars play
And there's too many Superstars
Not to get paid
Ma

You can ask the Club Kings out of Queens
Or Eddie-O to reply son I've been had my eye
On Nisey Kamai damn I like thick thighs
That be tatted up cuz 50 put me on to that
After he bagged her up, and when they add it up
You know my bill's thru the roof
Cuz I cause chaos when Kyra's
In the booth but naw I ain't the rabbit
On the cereal box I'll make Miracle whip
Come out of Miracle Watts every year I get a watch
That's flooded with new gems but I'd rather watch
And feel on Blu Gem and I only play to win
If you see me in the lobby and I'm hitting
On Mia Body cuz have you seen Mia's body
I swear she's gon make me beat a body
Man I need a private party wit Jazzie Belle
Just to chase away the blues like Azrelle
And If she bad as hell we either smash or pass
And I'm killin the fresh on my classic swag

And since Yolie Monroe's got the fattest ass
Let her know I ain't playin' with these stacks of cash
