We meet every single day at the same old place at the same old time with the same state of mind me and her together but we know it ain't forever we just happy for the time the weed and the wine the walks in the park, escapades in the dark we knew how it had to be right from the very start coz I got obligations and she's in the situation that she came to state, so this is our fate holding hands, a smile, a glimpse a kiss and a dance but we can't take a chance on gettin caught so we stick to a plan coz we both got another and they wouldn't understand it me and Mrs Jones have a thing going on I wouldn't call it love but it damn sure strong it ain't about doin' dirt or living like a flirt but what they don't know don't hurt me and Mrs Jones

The very first time I met her I saw her from across the room and instantly we both became consumed by the thought of she and I being together so I headed in her direction for some closer inspection I intentionally brushed her hand her skin had a satin texture the feeling she gave me was more than I could measure and right away I knew I had to have her with me if not with me then maybe just to hit me she got pin point skill and percision in the walk and the way that she talk make my mouth turn to chalk she give me everything that I don't get at home and it seems like I'm a man coz her's is always gone, now tell me what love got to do with it No coz we both feel good when we kickin' it some might say that I'm wrong and I should leave her alone but me and Mrs Jones got a thang goin' on

It's been about a year since we've been seeing eachother and we're a whole lot more than just part time lovers

coz when I got a problem she do everything she can to solve 'em but her life is not revolved around how revolving I'm the Shaka Zulu and she's my fantasie, but deep down inside we know that we can never be any more than what we are, a phone call in the car bite to eat, with a movie and a drink at the bar when all of a sudden right out of the blue my ladie got a clue on what what we was up to and wait a minute, damn from what I understand It seems that my woman's been talking to her man since we both in love with the people at home it looks like, we just gone have to leave it alone coz I got a woman and she got a man so that's how it goes, and that's how it is
