When the Revolution come I'm gonna be up front With my finga on the trigga of a Mossburgh Pump When the Revolution come I'm gonna be right there With my nine in my hand and braids in my hair

Way back in the dayz we used to sling 'em in the street
But now when niggaz get beat
They wanna go an' get their heat
Everybody know that you know how to kill
But tell me do you how to let a nigga live
I gotta dream that maybe one day
Niggaz can't fight then walk away
I'm talkin' fist-a-cuffs put the pistols up and shoot 'em from
the shoulders to show that you can hold yours
I sing the song of the fight of the black man

In America
In a state of hysteria
No longa will I accept the second rate
I plan to set the record straight b'fore I disobey
Its the one - two combination punch to the throat
There's a hole in ya boat bitch
That's all she wrote
Ashes to ashes, dust to dust
In my mothafuckin' self I trust....

When the Revolution come I'm gonna be up front With my finga on the trigga of a Mossburgh Pump When the Revolution come I'm gonna be right there With my nine in my hand and braids in my hair

When the Revolution come I'm gonna be straight loc Goin' out in a cloud of pistol smoke The Revolution come.......... The Revolution come...........
