

I Want Your Love

Corona

I want your love
I want your love
I want your love

Something's happening all around
Yes I've never felt so strong before
Feeling's growing in my soul
You are the only one, I wanna give my love

You are so special, you are so nice
Don't believe the way, you came into my life
Time for changing want you by my side
Cause i need your love. Don't waste your time

You are my world
Let me, show you the way to my soul

I want your love
Want your love, give me your love
I want your love
I want your love, give me your love

Something different inside my mind
It's a precious feeling you helped me to find out
A message is coming, from my heart
That's for sure what love is, all about

I can't hold inside this feeling
You are the only reason, my heart is beating
Time for changing want you by my side
Cause I need your love, don't waste your time

You are my world
Let me, show you the way to my soul

Want your love
Want your love
Want your love
