

# Mistress of Deception

Coroner

Glowing heat, horizon swims  
Wall-less labyrinth  
Grace and ugliness, combined like never before  
It's hell on earth, desert law

Where water means gold

Burning breath, deadly games  
Two colored world of disgrace

Where water means gold

Mistress of deception  
Daughter of death  
Realm of the sun  
Merciless, invincible

Glowing heat, horizon swims  
Wall-less labyrinth  
Storm, culmination of her wildness  
Swallows every trace for eternity
