

Piece By Piece

Corroded

Change of pace in this race we call life
to let go it's the same as hold on
Turn my faith where the lucky hear noise everyday just ticktock
moving on
Break away to them too no matter what you do
It's a one way street at both ends
Breaking more till they stay and it's up to you
Like one he loved and it's all the same

It gets easier but never better; it's just the way that it is
No matter what we do,
Easier but never better, from cradle to grave
I'm tired of this feeling,
Easier but never better, it ain't gonna change
No matter what we do,
Easier but never better, from cradle to grave
We all live to die piece by piece!

Silent wards must be built by the strongest witch and you can't
tear it down
A collection of corners has been cut, does it mean anything in
the end
I will stay, should we there really difference, just like go to
mid town poor to spend
Your pleasure leads and I don't matter what you do
We lose through force and it's all the same

It gets easier but never better; it's just the way that it is
No matter what we do,
Easier but never better, from cradle to grave
I'm tired of this feeling,
Easier but never better, it ain't gonna change
No matter what we do,
Easier but never better, from cradle to grave
We all live to die piece by piece!
We all live to die piece by piece!

It gets easier but never better; it's just the way that it is
No matter what we do,
Easier but never better, from cradle to grave
I'm tired of this feeling,
Easier but never better, it ain't gonna change
No matter what we do,
Easier but never better, from cradle to grave
We all live to die piece by piece!
