

God Must Really Love Me

Craig Morgan

There's been times I've let my faith run thin
Not been the man I should have been
After all the trouble I've been in, I'da gave up on me
I've lived hard and I've lived fast
Lost things I will never get back
Cause someone to look past all of that
God must really love me

When I look at the miracles around me
At the way that I live and the way He forgives
I know He's up there smiling down on me
And I believe the only reason why
I'm still alive is
God must really love me

Wake up and feel you by my side
The perfect girl, the perfect time
And see the way our future shines
God must really love me

When I look at the miracles around me
At the dream that I live and the gift that he gives
I know he's up there smiling down on me
And I believe the only reason why
I get to live this life is God must really love me

When I showed the worst, He saw the best
He pulled the world right off my chest
Every day I wake up I feel blessed
Yeah, I feel so blessed
God must really love me
God must really love me
God must really love me
