

# I Can Sense A Lie

Crashdiet

You've been high, you've been low,  
You lost me a long time ago.  
Endless times, I've been showed  
How to make a letter Turn to stone.

It's all about looking for trouble  
Staying on top, down in the gutter.  
It's all about living on th edge  
To take the pledge of being ROCK-N-ROLL!

One day it's gonna fall apart  
It's no longer a work of art.  
Don't let that moment pass you by...

I can sense a lie  
From a million miles.  
(Whooooohooo)  
I can sense a lie  
From a million miles.  
(Whooooohooo)  
I can sense a lie  
From a million miles.  
(Whooooohooo)  
I can sense a lie  
From a million miles.
