

# Here There Be Witches

## Creature Feature

Here there be witches on the edge of town  
Cast them in water to see if they drown  
Cleanse them with fire to burn them down  
Bury their bones in hallowed ground

Here there be witches on the edge of town  
Cast them in water to see if they drown  
Cleanse them with fire to burn them down  
Bury their bones in hallowed ground

Here there be witches on the edge of town

Here there be witches can't you hear their cries  
Press them with stones to see if they lie  
Sever their heads and gouge out their eyes  
Recite your prayers in the dead of night

Here there be witches can't you hear their cries

Demons on the prowl we must make a stand  
Black souled devil spawn inhabit this land  
The unpure of heart will fall by your hand  
Here there be witches, save our...

Souls have been lost and the panic grows  
Spells cast over blood and broken bones  
An evil stronger than we've ever known  
Here there be witches and all must die

Here there be witches and they must be slain  
Cut of their flesh and they feel no pain  
Shackle their hands with sanctified chains  
Snip out their tongues before they speak your name

Here there be witches and they must be slain

Demons on the prowl we must make a stand  
Black souled devil spawn inhabit this land  
The unpure of heart will fall by your hand  
Here there be witches, save our...

Souls have been lost and the panic grows  
Spells cast over blood and broken bones  
An evil stronger than we've ever known  
Here there be witches and all must die

Unholy hexes, dark incantations  
Our days are numbered, just sacrificial lambs  
Depraved and corrupted agents of darkness  
Chosen by the black mark of the Beast

Archaic volumes, forbidden writing  
Blood ceremonies, sermons for the damned  
This curse must be lifted before the full moon  
Or we're all just meat for the feast

Demons on the prowl we must make a stand

Black souled devil spawn inhabit this land  
The unpure of heart will fall by your hand  
Here there be witches, save our...
