

# Life Goes On

Cris Cab

Down the path and up the street  
Lived a girl that talked to me  
Life was simple, life was sweet  
The time I felt the most complete

Don't be waiting 'til it all comes back around  
When it's over you could find out how,  
How life goes on.  
Yeah... life goes on

Lord knows I'll be gone for good  
To travel the world I thought I could  
And the faces change but it's all the same  
A familiar voice to call my name

Don't be waiting 'til it all comes back around  
When it's over you could find out how,  
How life goes on.  
Yeah... life goes on  
Mmmh, life goes on  
Yeah... life goes on

Days they pass me by  
And the clock moves slowly  
I wonder if I try  
I could find the only  
Thing that's in my life  
That will bring me right back home...  
Life goes on.  
Yeah... life goes on  
Mmmh, life goes on  
Yeah... life goes on.
